

Postdoctoral Fellowship in Patient-Centered Outcomes Research (PCOR) and Qualitative Evaluation

Location: University of Maryland School of Pharmacy, Baltimore, MD

Description: An exciting postdoctoral fellowship opportunity is available with The PATIENTS Program at the University of Maryland Baltimore (UMB). The position will report to Professor C. Daniel Mullins within the School of Pharmacy's Pharmaceutical Health Services Research (PHSR) Department. Fellowships within the PHSR department provide multidisciplinary, advanced training to health services researchers and clinicians and prepare fellows for positions in academia, government, the pharmaceutical or insurance industries, and consulting.

The selected fellow will engage in qualitative analysis and patient-centered outcomes research (PCOR) with activities funded by AHRQ, NIH, PCORI, other federal and state of Maryland government agencies, foundations, and private corporations. Training includes, but is not limited to, mentored research, grant-writing, and teaching experiences; it may also include coursework in PCOR. Successful candidates will be involved in work with both UMB researchers and community partners as part the portfolio of projects supported by the PATIENTS Program (www.patients.umaryland.edu). The PATIENTS Program has eleven staff and is involved in over 20 active projects.

Fellows receive a competitive salary and benefits.

Qualifications: Strong qualitative skills are required. Experience with research and/or training, and excellent communication, organizational, and time-management skills are desired. A PhD in a health-related discipline is desired, but clinicians with qualitative research training and/or experience are also encouraged to apply. Experience with community-based participatory research (CBPR) is desirable.

How to Apply: Applicants should submit a letter of intent, curriculum vitae, writing sample, and three letters of recommendation. Review of applications will start immediately and continue until the selected candidate is identified. Finalist interviews will take place on-site in Baltimore or via Skype, following phone screening interviews.

The University of Maryland is an equal opportunity employer.
