

## Office of Continuing Education (OCPE) Activity Announcement Guidance

May 2023

ACPE requires that each continuing education activity have an ‘announcement’ which presents information to potential participants **prior to registration**. Activity announcements must be sent by the Joint Provider to OCPE for review and approval **prior to dissemination** to potential participants. The activity announcement should be included (or linked to) in ALL marketing and outreach for the CE Activity.

The information in the announcement (e.g., activity title, learning objectives, etc.) must match the ADF. The disclosure statements and provider statement will be sent with the approval documentation.

The following are checklists for activity announcement criteria as well as sample announcements.
