Universal Activity Number: 0025-0000-22-004-H04-P

Target Audience: Pharmacists, Pharmacy preceptors in all practice settings.

At the conclusion of this knowledge-based activity, the pharmacist will be able to:

1. Identify opportunities to leverage technology that enhances precepting in learning environments.
2. Summarize strategies to ensure professionalism in a virtual environment.
3. Describe different tools and activities that promote learning in a virtual environment.

Available as an online module at: <https://pharmacy.umaryland.edu/about/offices/elp/online-preceptor-development-modules/>

CPE Credit: 1.5 contact hour (0.15 CEUs)

Fee: There is no fee for pharmacy preceptors to participate in this activity.

Instructions for Activity Completion: Preceptors may take this recorded module by clicking on the web link. After viewing the module in its entirety, participants must complete a post-test and complete an activity evaluation to receive credit. A record of CE completion will be posted to the participant's CPE Monitor Profile within 60 days of completion of the activity.

Release Date: February 10, 2022; Expiration Date: February 10, 2025

Hardware/Technology Requirements: Unless otherwise noted in the course materials, the following are required to access online courses: A computer or mobile device with a stable internet connection; a current internet browser, such as Google Chrome, Microsoft Internet Explorer, Mozilla® Firefox, or Apple® Safari.

The University of Maryland School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This activity is supported by the University of Maryland School of Pharmacy. No commercial support was received for this activity.
