

# COmmunity Based Development of CollaboRatIve and Sustainable PartNerships in PCOR/CER

## CO-DRIVEN

**The community will benefit from this research by creating and building relationships.**

The CO-DRIVEN team is happy to say that we held our first training on Monday, August 2nd from 5:30- 7pm, which took place on Zoom. For our first session we had 15 people sign up from the West Baltimore and UMB research communities. We are very excited to introduce the West Baltimore community to PCOR. CO-DRIVEN will give us the chance to learn from the community as we teach them about PCOR.

*We want to*  
**TRAIN YOU!**

## VIRTUAL TRAINING SESSION

Patient-Centered Outcomes Research/Comparative Effectiveness Research

### WHAT YOU WILL LEARN...

**Learn about** how your community could add their voice to health research.

#### TRAINING OBJECTIVE:

To build meaningful partnerships while teaching the southwest community.
