## PREP-IT Trial Publishes Journal Article

The PREP-IT team has an exciting announcement to share. Our very own patient advisors Jeffrey Wells and Debra Marvel, whose article named ‘What’s Important: Patient Engagement in Research’ has been published in the Journal for Bone and Joint Surgery. This is the largest orthopedic journal in the country. Their article showcases the important efforts that the team has made to make this trial patient centered.

The article can be found here!
