P³ Program[®] Network Provider Requirements

General Pharmacist Requirements*

To qualify as a P³ Program[®] pharmacist provider, a licensed pharmacist must:

- Be in good standing with the Board of Pharmacy
- Have professional liability insurance in the amount of \$1,000,000 for each occurrence and \$3,000,000 aggregate
- Meet one of the following criteria:
 - Have valid documentation of successful completion of an ACPE approved certificate training program in disease state management relevant to the disease state program, or
 - Be currently recognized by the Board of Pharmaceutical Specialties (BPS) as a Board Certified Pharmacotherapy Specialist (BCPS) with experience in caring for people with the relevant disease, or
 - For the P³ Program's Diabetes program, be currently recognized by the American Association of Diabetic Educators (AADE) as a Certified Diabetes Educator (CDE)
- Participate in the P³ Program[®] process and electronic documentation training.

General Site Requirements*

To conduct P³ Program[®] services at a site, the site must meet the following criteria:

- Have a computer with internet access for the documentation process
- Comply with HIPAA regulations

In addition, sites should ideally have a private/semi-private consultation area to conduct comprehensive medication therapy management services.

* Program-Specific Requirements will be communicated in Program Announcements
