Albertsons is pleased to offer 13 residency positions across the U.S. in Baltimore, Boise, Chicago, Denver, Philadelphia, Phoenix, and San Francisco.

“Working for Albertsons Companies has allowed me several opportunities to not only further my career but to help others along the way. The residency program kick-started my career by introducing me to strong mentors who provided me with the experiences that showcased my strengths and improved my weaknesses. Being able to work closely with the leaders of the company on a variety of initiatives and projects has opened so many doors allowing me to take on different roles within the company and further build on these relationships. I could not have asked for a better experience and am looking forward to all the wonderful things I can achieve with Albertsons Companies.”

– Payal Patel, PharmD. Jewel-Osco Residency Class of 2015

Corporate Pharmacy Trainer

About Albertsons Companies

Albertsons is one of the largest food and drug retailers in the United States, with both a strong local presence and national scale. We operate stores across 35 states and the District of Columbia under 19 well-known banners including Albertsons, Safeway, Vons, Jewel-Osco, Shaw’s, Acme, Tom Thumb, Randalls, United Supermarkets, Pavilions, Star Market and Carrs.

Program Purpose

The purpose of a PGY1 Community-Based Residency Program is to build upon the doctor of pharmacy (PharmD) education and outcomes to develop community-based pharmacist practitioners with diverse patient care, leadership, and education skills who are eligible to pursue advanced training opportunities including postgraduate year two (PGY2) residencies and professional certifications.

Program Description

The Albertsons Companies PGY1 Community-Based Pharmacy Residency program provides a wide array of opportunities to ensure your professional development in community-based pharmacy practice. Our experienced community-based practice sites provide an ever-expanding scope of patient care services, including patient-centered medication dispensing, medication therapy management, chronic condition management, routine and travel immunizations, specialty medication administration and coordination of care, point-of-care testing, and wellness services.

A dedicated team of preceptors oversee each resident’s successful completion of learning competencies, goals, and objectives. Research, teaching, and clinic ambulatory care experiences are also supported by our university partners. The resident’s exposure to corporate training programs, meetings, and projects with company leaders serves to further develop management and leadership skills. Successful completion of residency program provides tremendous opportunity for career growth and opportunities.

Salary and Benefits

Resident will receive:

- Competitive salary and benefits package
- Ten paid vacation days plus national holidays
- Stipend for regional and national professional meeting attendance

Frequently Asked Questions

What are the strengths of the Albertsons PGY1 Community Pharmacy residency programs?

- Training with experience  Our first program was founded in 2001, making it one of the first community-based training programs of its kind
- Innovative clinical practice  Residents provide an array of patient-focused services aimed to improve patient outcomes and assist in the development of these services at the local and national level
- Corporate engagement  Residents work hand in hand with professional leaders at both the corporate and local level
- Post-graduate opportunities  Our graduates take on successful positions that make a daily impact on the pharmacy profession
- Collaborative teaching  Each Albertsons Companies program has an established affiliation with local colleges of pharmacy to enrich the resident experiences in research, teaching, and clinical patient care
- Networking  Relationships are built through interactions with co-residents from across the country, residents at the affiliated college of pharmacy, and a variety of pharmacy professionals

What are you looking for in a candidate?

- Applicants must have graduated with the Pharm.D. and be eligible for pharmacist licensure in the state of practice at the start of the residency
- Applicants must be motivated, self-directed, and have excellent communication skills
- Applicants with experience and a commitment to pursuing a career in community pharmacy is preferred

Where do your residents go after graduating the program?

Our program has a track record of developing successful graduates. Some of the positions within Albertsons our graduates have obtained include:

- Community Pharmacist
- Community Pharmacy Manager
- Patient Care Pharmacist
- Specialty Clinical Pharmacist
- Clinical Point Person
- Patient Care Services Manager
- District Pharmacy Manager
- Corporate Pharmacy Trainer
- Various Corporate Manager and Shared Faculty Positions
